To provide a Christian outreach to our community, by nurturing God's children in a Christian environment, and meeting a growing need of families in our community.

Dear RLCC Parents,

Welcome, we thank you for entrusting your precious children with us to share God's love. We are so pleased to announce the implantation of our brand new Abeka curriculum. Abeka is a Christian based curriculum that aims to help students grow intellectually, morally, and spiritually. We are so thankful for the opportunity to purchase and utilize Abeka, and I know it will be a great asset to Redeemer. The goal of any good Christian curriculum is to teach the love of Christ and to be responsive to the needs in the field of early childhood while assisting teachers in providing the very best classroom learning experience for children. Because you know what best meets your educational needs and the needs of your children, feedback and suggestions on curriculum are encouraged. A center's curriculum is a critical part of quality! Our teachers provide age appropriate experiences in the classroom. By providing bible stories, chapel, worship jam, developmentally appropriate learning activities, and outdoor play; the whole child is developed. It is the goal of our center to provide a nurturing environment where children can grow socially, emotionally, cognitively, and physically. Please know that I am available for you at any time.

Many Blessings,

Ms. Chelsea Ratcliff

RLCC Director
